Tuesday, 05/22/18 & Wednesday, 05/23/18

9:00 a.m. – 4:30 p.m.

Registration begins at 8:30 a.m.

Learning Objectives:

Quality outcomes in custodial operations have never been more important than today in a period of reduced budgets with increasing expectations. The objective of this three-day workshop is to enable Project Managers, Supervisors, Quality Control Inspectors and Job Coaches to effectively manage their custodial contracts. They will learn the basics of custodial operations as well as how to communicate those principles and standards to front line employees.

Purpose:

The purpose of this two-day workshop is to provide commonly accepted industry guidelines on effective supervision of management staff involved in custodial operations. Standardization of cleaning practices, applying consistent standards and improving productivity will enable Project Managers, Supervisors, Quality Control Inspectors and Job Coaches to bring enhanced value to the custodial equation. A manual and Power Point with additional forms will be provided. The optional third day is for hands on experience in coordination with a local distributor/vendor.

Audience:

- Project Managers
- Supervisors and Quality Control Inspectors
- Job Coaches, Trainers and others involved in custodial operations

Format:

- Lecture
- Group exercises in problem solving, training techniques and contract challenges
- Dealing with performance issues.
- Hands on experience with High Performance Cleaning Tools with distributor/vendor
